Season's Worst Electrical Storm Cripples Utilities; 4 Buildings Hit By Bolts

The worst electrical storm of the season dumped two and a half inches of rain on Gettysburg Thursday afternoon while lightning struck at least three homes and a storage and cut off telephone and electrical service to hundreds of homes and business places.

The Gettysburg Times weather station measured two and a half inches of rain in a two-hour period but most of it fell from 2:30 to 3:30 o'clock as heavy clouds hung over the area with heavy lightning wrecking utility service. No fires resulted.

Reports from the utility companies, which completed their repair work today, indicated the area affected extended from Fairfield through Seven Stars, Gettysburg, Hunterstown and Bonneauville. The South Mountain Fairgrounds reported no rain and only light showers fell in southern parts of the county.

3 HOMES HIT
Three homes on Route 6 were hit by lightning but none was extensively damaged and no one was injured. The homes were those of Hugh C. McIlhenny and Donald Trostle on the Harrisburg Rd. and William Shultz on the Biglerville Rd.

At the McIlhenny home a television antenna was shattered, a hole ripped in a front corner of the house and electric meter and phone fuses were smashed. Another bolt splintered the top of a Metropolitan Edison pole along the highway, 150 feet from the dwelling.

At the Trostle residence, fuse and switch boxes were charred and light bulbs shattered in many parts of the house. Firemen were called to the Shultz home after the bolt struck but no fire occurred.

TIMES POWER OFF
The high brick chimney at the former Ice and Storage Company property along the Western Maryland tracks, rear of N. Washington St., was hit by lightning shortly after 2 o'clock, causing several hundred dollars damage.

A large section of the town was without electric current for 35 minutes during the height of the storm. The Gettysburg Times was within that area and printing of Thursday's edition was delayed when the big rotary press was idled.

John Caldwell, United Telephone Company manager, said this morning all telephone lines will be back in service by this afternoon. Most of the trouble was in Gettysburg and its immediate vicinity, he said.

Eisenhower's Plan To Save Germany Was Thrown Away

WASHINGTON (AP) — Gen. Dwight D. Eisenhower is erroneously blamed in a State Department pamphlet for allowing the Russians to capture Berlin in World War II, says Rep. Melvin R. Laird, R-Wis.

Laird said Thursday he sent a telegram to Secretary of State Dean Rusk requesting that the pamphlet, entitled "Background Berlin — 1961," be immediately withdrawn from circulation.

Laird said in a House speech "the decision on not sending American forces into Berlin was made at the highest level and not by the commander in the field."

The following is reprinted from an article in the current issue of LIFE magazine written by its editor and publisher, Henry R. Luce, reporting on his recent interview with former President Eisenhower:

OPPOSED ZONES
"Eisenhower flew to Washington (1944) where he found President Roosevelt in bed with influenza. 'This is my pet,' he told the President. 'Let's not have separate occupation zones in Germany. Instead let's have joint allied administration of the whole country.' 'Impossible,' Roosevelt replied. 'I'm already committed.'"

"Eisenhower then urged that if it was politically necessary to allow the Soviets a separate zone it would at least be advisable to establish joint western control of the remainder (Continued On Page 3)

\$300,000 Blaze Destroys Zeigler Brothers Mill At Gardners Thursday Night

Fire, possibly started from a defective bearing in an elevator, destroyed the Zeigler Brothers' Mill at Gardners early Thursday night.

M. LeRoy Zeigler, president of Zeigler Bros., Inc., said this morning he could give no estimate of damage before insurance adjusters begin their inspection of the debris of the huge "push button" mill, one of the most modern in the state.

There were 1,000 tons of grain stored in various bins in the mill, which would be a loss of about \$50,000. In addition tons of molasses, medicines and other feed ingredients were lost in the blaze. One estimate of the loss given by a Bendersville fireman was "between \$250,000 and \$300,000."

MODERNIZED IN 1957

The plant was completely modernized in 1957 with a "push button" center for control of feed mixing. From the control board, which indicated operations by lights and was controlled by switches, operators at the mill could mix tons of feed accurately in huge mixing hoppers. There was also a smaller mill for custom mixing. The company sold 32 different types of Conewago Feeds.

President Zeigler said this morning that the fire, while destroying the Gardners mill, will not affect the company's customers. Some will be supplied from the Biglerville and New Bloomfield mills of the company and some from other millers who "are kind enough to help out."

Charles Chronister, who lives near the mill, discovered the blaze about 7:40 o'clock Thursday night, and the Aspers Fire Company was summoned. Moments later Bendersville firemen were called to aid Aspers. During the course of the evening Gettysburg, Biglerville, Arendtsville, York Springs, Mt. Holly Springs and Hanover firemen were summoned to the scene and Littlestown was called to Gettysburg to stand by here.

BLAMES BEARING
President Zeigler said this morning he did not believe spontaneous combustion was a cause. He said from descriptions given him by those first at the scene of the fire apparently started in one of the grain elevators. He believed there may have been a faulty bearing on an elevator which would have caused friction leading to heat and smouldering which eventually broke out into a full-fledged fire.

He praised the efforts of the firemen in handling "an almost impossible job." The firemen prevented spread of the blaze to the office—"all of our records are intact," Zeigler said — and to homes and other buildings nearby.

Bendersville and Aspers firemen used water from the C. H. Musselman Co. plant system nearby. Gettysburg and other firemen established two lines of hose (Continued On Page 3)

Preliminary plans were made for initiation of a large class of members at the anniversary program. Twenty-one new members were accepted at Thursday's meeting.

CONVENTION REPORTS

Reports on the Pennsylvania Moose Association convention held over the Labor Day weekend at Harrisburg were presented by Governor Shindeldecker, Past Governor John Sanders and Secretary George D. Naugle.

They noted that the entry of the first division of the Eastern Moose Association, of which Gettysburg is a part, won first prize in the parade held during the state convention.

A gift of luggage won by Past President Jacob A. Small was presented to him earlier this week, according to reports at the meeting. In discussing the proposed anniversary it was reported that Small had been governor of the Moose in 1955 when a prior large observance was held marking the enlargement and re-dedication of the local Moose home.

BERLIN WALL
AT NIGHT IS
STILL EERIE

By CARL HARTMAN

BERLIN (AP) — It's eerie at night along the wall between East and West Berlin, even though the tanks and armored cars are out of sight now.

The searchlights have been removed from the main crossing point, the corner of Friedrichstrasse and Zimmerstrasse. But the light from a big green neon sign makes the scene even more sinister.

It has been a spooky part of town ever since World War II. Once the center of Berlin's newspaper district, it was badly bombed and not much rebuilt. Vacant lots alternate with shabby apartment houses, small shops, a bar or two. Ruins and bomb sites make ugly black shapes at night.

HAD GOOD CHOW

You get some liveliness at the corner itself, at least on the West Berlin side. There are half a dozen American soldiers in battle dress, slightly bored but good humored and ready to chat.

"It used to be more fun when this thing first started," said a private from the 3rd Battle Group, 6th Infantry. "One night we had quite a lot of chow here—chicken, it was. All they had was potato soup."

"They" meant the Communist East German police.

"They watched us through binoculars from the other side of Zimmerstrasse—about 40 feet away," the soldier added. "So we asked them over and gave them some."

VIENTIANE, Laos (AP) — U.S. Ambassador W. Averell Harriman will fly to Southeast Asia to meet neutralist Prince Souvanna Phouma and the prime minister of the Vientiane government, Prince Boun Oum, in the near future, Gen. Phoumi Nosavan said today.

Verwoerd, who has been prime minister since 1958, is now busy directing the campaign of his National party for new elections to be held Oct. 18. The nationalists are favored to win another five years in power.

Young German
Escapes Reds

BERLIN (AP) — A young East German crashed his speeding station wagon through Communist barriers today and flashed through the Brandenburg Gate to West Berlin and safety.

Splintered wood flew and Red guards jumped for their lives as the driver gunned the engine for the spurt through the stone gate that symbolizes the city's division. The car strained against thick coil of barbed wire, then snapped through and crossed the border.

It was the most spectacular escape in Berlin since the Communist fences went up August 13. It took place at the most heavily guarded section of the border, under the noses of a dozen patrolling sentries with orders to shoot to kill.

Dear friends,
It is generally believed that the art of embalming saw its highest perfection in ancient Egypt. We can assure you that there was nothing in their method which cannot now be duplicated. Equipment comparable to that in a modern hospital is used.
Our state requirements on embalming are very rigid.

2 COUNTIANS PLAN MEETING WITH LEADERS

Two countians, Mrs. Henry T. Bream and Mrs. Donald E. Myers, were among the committee which has planned for a meeting of civic leaders and citizens of Adams, Cumberland, Dauphin, Franklin, Juniata, Lancaster, Lebanon, Perry and York Counties under auspices of the Pennsylvania Welfare Forum September 19 at the West Shore Country Club, Camp Hill.

The sessions are to acquaint the public with problems of health and welfare and with conflicting points of view on solutions to the problems.

The morning program will include a talk on "Current Public Welfare Issues" by Harry Boyer, chairman of the state board of public welfare, and discussion by A. David Bouterse, executive director of the Pennsylvania Citizens Association, Judge Chauncey DePuy, of Franklin County, and Dauphin County Commissioner George Kunkel.

The afternoon program will include a talk toward "Unification, a New State Agency," by Francis S. Boose, chairman of the Pennsylvania Citizens Association and Ralph E. Peters, president of the Pennsylvania Welfare Forum. Dr. Ernest L. Stebbins, of Johns Hopkins University, who directed the recent governor's committee survey of public health, will speak on his findings with Secretary of Health Charles L. Wilbur Jr., Harry C. Buser, York, and Winfield Smith, president of the Pennsylvania Health Council as discussants.

READING TWP. ENACTS LAW

The Reading Twp. supervisors at a recent meeting enacted an ordinance controlling the protection of junk yards and the collecting and disposal of garbage and rubbish. The purpose of these ordinances is to control unsightly junk yards and dumps.

Junk yard operators will be licensed in order to prevent operators from defacing the land they use. They will be required to fence these establishments in, in order to beautify the township. Control of rubbish and garbage will prevent surface dumping which causes fires, obnoxious odors and the breeding of rats and other vermin. All dumping will be covered with several inches of dirt in order to insure the welfare and the protection of citizens.

Glenn Jacobs, chairman of the board, said the supervisors have the responsibility of "protecting the value of property and the health of those citizens and we feel positive action is necessary if we are to meet our responsibility." The ordinance becomes effective immediately.

Food And Medical Care Hike Index

HARRISBURG (AP)—The State Labor and Industry Department reports that an increase in food prices and medical care sparked a 4 per cent rise in the cost of living in Pennsylvania between April and July.

The consumer price index in the state jumped from 127.3 to 127.7 per cent of the 1947-49 base, department secretary A. Allen Sulcove said Thursday.

Medical care went up 1.6 per cent, while food increased 9 per cent. The national consumer index in the same period rose .5 per cent to 128.1.

To Draft 20,000 During October

WASHINGTON (AP)—Twenty-thousand men will be drafted into the Army next month.

The October call, announced on Thursday by the Defense Department, is the second largest since the end of the Korean War. The largest is this month's call for 25,000.

As usual, the Air Force, Navy and Marine Corps will not draw from the draft.

The draft was stepped up sharply last month, shortly after President Kennedy said quotas might be doubled or tripled in a U.S. military buildup. The August call, originally 8,000, was expanded to 13,000 and heavy September and October calls followed.

from in and near Gettysburg but there was also trouble in the Bonneville, Hunterstown and Lincolnway East areas and at Fairfield and Seven Stars. At Bonneville a substation transformer was knocked out by lightning. By this morning, all service had been restored, he said.

The Adams Electric Cooperative reported no trouble calls. Town streets and many basements were flooded. The rainstorm created lakes at various places throughout the borough.

WALL CAVES IN

Between Gettysburg High School and Keefeauver School, where Culp's Run enters a six-foot tunnel under the school roadway a lake 300 feet long by 50 feet wide and up to 11 feet deep was created.

At the Mark Spalding property, 744 Sunset Ave., a basement wall collapsed when water gushed against the side of the building.

Gettysburg firemen were called to pump out the cellar so workmen could begin reconstruction of the wall. They also found numerous other calls from persons whose basements were flooded. Among such calls were to the Varsity Diner, Mrs. Amos Kump, 714 S. Washington St.; 321 Baltimore St., 305 Ridge Ave., and after that the quick call center ceased listing calls for flooded basements simply relaying them to firemen at the various scenes.

ON 13TH BASEMENT

Firemen were pumping out the 13th flooded basement when they received the call to go to the Zeigler Mill fire at Gardner's about 8 o'clock Thursday night.

On the Pine Bank graveyard Rd. past Dr. S. D. Solomon's farm, Rock Creek covered the road with about two feet of water. White Run was at flood stage, too.

LADDER TRUCKS

Gettysburg's ladder truck and Hanover's ladder truck were called after other firemen arrived at the scene and found a need for the high ladders to get water to the top of the huge bins at the mill.

The fire in the grain still burned this morning about 9 o'clock when Aspers and Bendersville fire trucks left the scene leaving some of the firemen behind to watch over the smoldering ruins. It was estimated that the fire will smolder for a week unless the grain is dispersed.

Two alarms were sounded in Gettysburg, the first sending three trucks to the scene. Later the ladder truck was summoned without an alarm. The second alarm was sounded to man the truck that had been left behind in Gettysburg until Littlestown's Alpha Fire Company could send a truck to stand by here. A number of firemen accompanying Littlestown's truck joined Gettysburg firemen in going to the blaze while some remained here and others stood by at Littlestown fire house.

The fire was the fourth in a county mill within a year. Last fall a \$70,000 blaze occurred at the Sharper Mill near New Chester; March 1 a \$125,000 fire occurred at the East Berlin Flour and Feed Mill. In late July a \$125,000 fire destroyed the Abbotstown Grain and Feed Store and Mill.

The hottest days in the United States usually occur in late July and August when the oceans and air have warmed. Once the ocean and air have stored up heat, less sunshine is needed to sustain high temperatures.

Resign From Commission

Vice Adm. Stuart H. Ingersoll left, of the Naval War College, and Chairman Ulysses S. Grant III, right, have resigned from the Federal Civil War Centennial Commission. There have been reports of friction within the commission over the demotion of its executive director, Karl S. Betts. (AP Wirephoto)

GRANT FORCED BY RUDENESS

WASHINGTON (AP)—Maj. Gen. U. S. Grant III (ret.) says he resigned as chairman of the Civil War Centennial Commission because of "arbitrary and inconsiderate demands" made upon him by other members.

Grant said 10 other commission members forced him to call a meeting Aug. 30. Citing the illness of his wife, the 80-year-old Grant said Thursday:

"The date set by the round-robin demand was especially incompatible with conditions in my home and no business was specified of such urgency as to dictate this summary procedure."

The statement was issued through commission offices here. Grant is at his Clinton, N.Y., home.

At the meeting, executive director Karl S. Betts was demoted to special consultant.

Gran, whose grandfather commanded the Union Army in the Civil War and later became 18th President, said he submitted his resignation to President Kennedy that afternoon.

Adm. Stuart H. Ingersoll, who headed the commission's executive committee, also resigned "effective immediately." Ingersoll said he quit because of the "rude and summary manner" in which a majority of the commission treated Grant.

Unaffected by wind, rain, oxidation, vegetation, or eruption, some features on the moon probably have stood unchanged for perhaps four billion years.

He warned President Kennedy not to use negotiations to delay signing a treaty and again said: "If the Western powers do not sign, the treaty will be signed between the German Democratic Republic and such other states as wish to do so."

Khrushchev said that "if the Western powers are ready for businesslike talks" on the German problem, "the Soviet government welcomes talks which would result in the conclusion of a peace treaty."

"The peoples will not forgive us for any more postponements." Speaking earlier at the meeting in the Kremlin, Nehru called "on the great powers who hold the key to war and peace to remove the threat of war and lead the world to peace."

STOCKS SETTLE LOWER

NEW YORK (AP)—The stock market settled lower in moderate trading early this afternoon.

The Associated Press average of 60 stocks fell .90 to 255.50 with industrials down 1.40, rails down .20 and utilities down .50.

Pivotal issues fell from fractions to more than a point. A scattering of key stocks posted gains.

Eisenhower's

of Germany. Roosevelt again refused.

"Again in 1945, when Churchill and Roosevelt were enroute to the Yalta conference, Eisenhower sent his chief of staff, General Walter Bedell Smith, to intercept them at Malta and urged that the Soviet zone be restricted and the Soviet promises should not be fully trusted. As he later wrote in his book, Crusade in Europe, Eisenhower 'felt that the Western Allies could probably have secured an agreement to occupy more of Germany than we actually did. I believe that if our political heads had been convinced as we were at SHAEF of the certainty of early victory in the west they would have insisted, at Yalta, upon the line of the Elbe as the natural geographic line dividing the eastern and western areas.'"

PREVIOUS STATEMENT

When The Gettysburg Times asked General Eisenhower's office for comment on the Laird article, it was referred by a spokesman for the general to the transcript of a presidential press conference Dec. 10, 1958.

The essence of the conference, which resulted from a question by a reporter as to "how Berlin was put 110 miles inside of the Russian zone instead of at the focus of the four zones" was "that division was made by political decision . . . and I don't mind saying that I urged a line that was further east—specifically I wanted to include Thuringia because I said we would get that far before the other fellow could, and I thought we should have it."

The President also said: because of "this prior political decision . . . I had to retreat with the American forces in the center something over 125 miles." The decision was confirmed at Yalta "and from that moment on the problem became how you would control it." Eisenhower's suggestions for a cantonment type capital, which would have presented no problem, was rejected.

FIFTEEN YEARS AGO

Man Hurt When Car Hits Wall In Dense Fog: Thomas L. Combs, 25, Emmitsburg, suffered a bruised nose and had a front tooth knocked out when his car crashed into a stone wall owned by Raymond Strausbaugh, Biglerville R. 2, at 2:30 o'clock Sunday morning near the intersection of the Gettysburg-Fairfield and Orrtanna-Fairfield roads. Combs was treated by Dr. W. R. Cadle, Emmitsburg.

State police, who investigated, said that Combs did not see the stop sign on the Orrtanna road as he was proceeding south through dense fog and crossed running into a field and hitting the fence. Damage to the Combs car was \$100 and to the fence, \$25.

Idona Mehring Becomes Bride Of William H. Teeter: Son of Mrs. John S. Teeter, and Miss Idona Mehring, daughter of Mr. and Mrs. H. Mehring, all of Taneytown, were married Saturday afternoon in the Taneytown Lutheran church. The single ring ceremony was performed by the Rev. Robert Benner, Oberlin, a cousin of the bride, assisted by the Rev. Glenn Stull, pastor of the Taneytown church.

Couple Weds Saturday In Chambersburg: Miss Helen Asper Stauffer, daughter of Mr. and Mrs. Frank Stauffer, Chambersburg, and Harry E. McDannell, son of Mr. and Mrs. Edgar C. McDannell, Arendtsville, were united in marriage at 4 o'clock Saturday afternoon in the First Methodist Church, Chambersburg, by the bride's pastor, the Rev. Philip T. Gorman. The single ring ceremony was used.

Police Promise Cooperation In Safety Efforts: An appeal from Governor Martin for stricter enforcement of the law in an effort to save lives in Pennsylvania highways today brought from Chief of Police Robert C. Harpster a promise of full cooperation on the part of borough police here.

Deaths Suddenly Watching Game In Hunterstown: Clarence J. J. Crouse, 49, 135 West Street, died suddenly at Hunterstown while watching a football game between a Hunterstown team and a local football outfit.

Crouse, who had gone with a group of local men to see the game, remained in the vehicle while the others left the car to obtain a better view of the contest. When they returned to the car after the game they found Crouse crumpled into a corner. They drove to Gettysburg where Dr. C. G. Crist found that the man was dead. Doctor Crist said he had apparently died sometime while the car was parked at Hunterstown.

Today's Talk

NOT SO FAST!

We need to calm down more. Everything is movement. Time, more time, not enough time is what we hear day after day.

But there is plenty of time. The big man takes no more time to do a big job than the little man takes to do a little job.

The same instrument in one man's hands performs wonders and is useless in another's.

It's the way everything is used, including time, that counts.

Do with all your might while you do—then rest. Not so fast. Take your time. The better you do your work the more permanent it will be. The more fun you will get out of it. The more health, too.

I remember playing golf with a well-known hotel owner. He couldn't wait for the others to play after he had played. He wanted to be right off the tee. And, of course, he not only spoiled his own game but the game of those with whom he played.

I have noticed that those who do the most do it easily, methodically, surely. They do no complaining about time either. It's the fellow with his desk loaded and with only so many hours in which to work, who does little.

Not so fast—but clean up as you go is a good motto for any worker.

The more fun and helpfulness you can weave into your work the happier you are bound to be. Arrange things so that life wears well. Try to determine your pace. And then keep it up—but vary it with all sorts of interests.

It is wonderful how much can be achieved through system and a proper arrangement of your time and abilities.

Folks who go too fast nearly always lose themselves.

Just Folks

PA'S IMPULSE
I do not know why it is so,
But so it is, I swear;
When Ma would buy some furbelow,

A ribbon for her hair,
A bit of lace, a garment new,
And tells how she's adored it,
Pa always growls before she's through:

"I can't afford it."

Pa always buys what mother needs;

We children never suffer;
His life's one round of kindly deeds,

For he's a gruff old bluffer.

The habit with him is so strong,
Despite the time Ma's scored it,

That he must answer, right or wrong,

"I can't afford it."

We've grown to jest at this old phrase;

We long have ceased to fear it;
In fact, throughout our happy days

We really like to hear it.

No matter what Ma wants to buy,
Nor how he looks toward it,
Pa's first impulse is to reply:

"I can't afford it."

Village Is Seat Of Only Modern Vein Alpine Church

By ERIC WAHA

INNSBRUCK, Austria (AP)—A modern church points a pencil-like steeple to the skies over conservative Tyrol as if to call attention to its existence among the thousands of onion-shaped church towers.

This is the only modern church in Tyrol," said its architect, young and heavy-set Tyrolean Josef Lackner, 30. "I am afraid it will remain the only modern House of God for some time."

"The Alpine province is called 'the holyland Tyrol' because of its arch-conservative Catholicism. It must have taken some 'revolutionary thinking' to stage a contest for a new church at the small community of Neu-Arzl and to admit modern architects.

Neu-Arzl numbers 2,500 people. It is near the provincial capital, Innsbruck.

Lackner, a blond and now somewhat angry young man, took a look at his church and remarked: "I was given the opportunity of building this church because I won the contest with my project. I think this was the last contest for some time."

Lackner is duly grateful to the church authorities and to provincial leaders for giving him the chance. But he leaves no doubt that he is bitter about the lack of understanding for modern art which he said he encountered during construction.

Lackner said some modern art objects have already been removed from the church on orders of his employers.

"They took out the modern statue of Christ on the cross, they insisted on putting in some things I did not want—like this carpet—and now I am fighting for my altar paintings."

Lackner was asked how the population felt about the church. PEOPLE DIVIDED

"Some like it and some don't," he said. "Most of them are proud, however, of the attention it gets. Many people come here from far just to see it."

The church is made of concrete and glass, the building materials of the 20th century. The steeple stands some distance from the church.

Construction was begun in 1959 and completed late last year.

FORMER MISS AMERICA SEES TIMES CHANGE

By JOY MILLER

AP Women's Editor

NEW YORK (AP)—Mrs. Frederick Stanton Townley may or may not watch the finale of the Miss America contest on television Saturday night.

For her it holds neither the thrill of novelty nor the pleasure of remembrance.

As Mary Catherine Stanton in 1922 and 1923, the contest's only two-time winner.

But to Mrs. Townley, still a good looking woman after years of several serious illnesses, that was a different time, a different country.

"None of it seems real. In Atlantic City they have a big picture of all of us on a pier, and I've stood there and looked up at the creature that was I and I think, 'She can't have ever had anything to do with me.'"

SINK TO BACKGROUND

In a rare burst of reminiscence Mrs. Townley was discussing the contest over lunch.

"I like to sink into the background. I've been that way from the beginning."

The beginning was in Columbus, Ohio, where she was a straight-A high school girl, the only daughter of a certified public accountant. A beau entered her picture in the local contest and she became Miss Ohio.

Her mother accompanied her to Atlantic City "to guard me" and a Columbus Dispatch reporter, Mike Fanning, went along too.

Mary Catherine was 15 on May 9. "But since we were supposed to be 16, I was 16. I guess they won't make me give the Mermaid back now."

The Mermaid is a statue, real gold over bronze, that she said measures something less than a

Says NL Expansion Is Much Tougher

HOUSTON, Tex. (AP)—Paul Richards believes the job of developing new teams in an expanded National League will be tougher than in the American League.

The new general manager of the National League Houston Colts said today the 1961 expansion by the American gave new clubs in Washington and Los Angeles a head start on acquiring young players.

"That means we plan to force-feed our young players," he said.

"The minute they show signs of making the major leagues they will be given a chance. The answer to Houston's problems is in young players."

Houston and the New York Mets move into the National League next year.

Richards Thursday signed a three-year contract at a reported \$60,000 a year. He had resigned last Friday as field manager of the American League Baltimore Orioles.

It's now in the basement of their Manhattan home, but Mrs. Townley thinks a Columbus museum ought to have it. "It really belongs to the city. I'd be glad to give it up."

After the contests, movie and stage offers rolled in. Her mother rejected a Flo Ziegfeld bid, allowed her to sing a little while on the Keith Circuit. "Singu you couldn't hear me past the third row."

She returned home, studied at Ohio State and Ohio Wesleyan, cared for her mother, then an invalid, and in 1929 won a round-the-world trip selling tickets for the Ohio Exposition. In Ceylon she met the brother of her future husband who performed introductions.

"We were married in 1933 and I still think he's wonderful. I was very fortunate to get him."

He's a salesman for DuPont, and they have no children.

Reds Use Tougher Moves To Halt Jeering Berlin Crowds Near Barricades

By GEORGE BOULTWOOD

BERLIN (AP)—Communist police showed increasing determination Thursday to break up demonstrations by jeering West Berliners who gather close to the Red barricades. The Communists threw firecrackers, tear gas and water jets at hundreds of demonstrators on the West side of the border in three incidents during the night.

One crowd of about 80, demonstrating along the border in Neukölln in the American sector, was angered when the Reds threw a tear gas grenade which struck a newsstand and smashed a neon sign.

The crowd grew to about 200, including some drunks. The Communists attacked the demonstrators with a water cannon. West German police finally pushed the crowd back and arrested three of the demonstrators.

TEAR GAS HURLED

In the tough industrial district of Wedding in the French sector, the Communists hurled five tear gas grenades at a crowd of about 500 whistling, booing West Berliners. West Berlin police dispersed that crowd too.

The third incident also occurred in the Neukölln border area where the Communists used tear gas grenades and firecrackers and ran out fire hose in an effort to scatter several dozen persons on the Western side.

A controlled Communist East German student paper published an article telling East German students they must be prepared to shoot fellow Germans.

WILL SHOOT

"There are good Germans and bad, even barbaric, and on such, who represent German imperialism, we will shoot if they get fresh," said the article written by a chemical student named Werner Witte.

East Berlin police were disclosed by U.S. officials to have detained two American medical students for several hours Wednesday.

The police charged the pair—Howard Emery, 24, of Glendale, Calif., and Jim Phang, 23, of Alhambra, Calif.—had illegal currency with them on a sightseeing

Maris Cracks 55th Homer; Yanks Take 9-Game Lead As Tigers Bow; Pirates Win

By ED WILKS
Associated Press Sports Writer

Roger Maris, an old hand at busting down barriers (the once crashed through a wooden fence chasing a fly ball), now is within five home runs of powering through to tie Babe Ruth's 34-year-old record of 60.

Maris hit No. 55, his second in two games, as the New York Yankees cracked the Cleveland Indians 7-3 Thursday night. Only three other challengers to Ruth's supreme 60 in 1927 ever have been this close—Jimmy Foxx, Hank Greenberg and Hack Wilson.

Foxx got to 58 with the old Philadelphia A's in 1932, Greenberg also finished with 58, for Detroit in 1933. Wilson stopped at 56 with the Chicago Cubs when he set the National League record in 1930.

SEVEN GAMES AHEAD

Maris, who startled Cleveland defenses with a drag bunt that brought in a run his first at-bat Thursday night, still is seven games ahead of the Babe's record pace. He has 14 games in which to break Ruth's mark within the limit of 154 team decisions set by Commissioner Ford Frick.

Teammate Mickey Mantle, his total still at 51, fell two games behind Ruth's pace when he failed to connect for the second straight game. But the Mick doubled home the tie-breaking run that gave the Yankees their eighth straight victory and a run-away, nine-game lead over Detroit.

The second place Tigers lost their seventh in a row, 8-4 at Boston, in an afternoon game. Third place Baltimore edged with 3½ games of Detroit by whipping Washington 6-3 in the only other AL game scheduled.

PIRATES WIN

Pittsburgh defeated the Chicago Cubs 7-5 in the lone NL game.

Maris, whose solo homer came in the third inning on a 1-0 pitch by losing left-hander Dick Stigman, shrugged off his earlier sacrifice of a swing for the bunt. "I was up there to get the run in," he said. "That was my job."

Mantle's double put the Yankees back in the lead in a two-run sixth after the Indians had tied it in their sixth on Tito Francona's three-run homer off Ralph Terry. The Yankee right-hander, now 13-2, retired the first 13 men he faced and finished with a five-hitter.

The win reduced the Yankees' magic number to 14. Any combination of New York victories and Detroit losses totaling 14 gives the Yankees another pennant.

The Tigers, a week ago just 1½ games behind New York, blew a 3-1 lead at Boston as their ace, Frank Lary (19-9) lost on his third try for victory No. 20. An error by Norm Cash and Frank Malzone's three-run homer put the Red Sox even in the third, and Chuck Schilling's single put it away in the sixth for Bill Monbouquette (12-12).

WICKERHAM IS NEW CC CHAMP

Dr. G. Donald Wickerham won his third Gettysburg Country Club golf championship by defeating Eddie Plank 3 and 2 in a 36-hole match Thursday that was held up for two hours in the afternoon because of the severe thunderstorm.

Wickerham won titles previously in 1953 and 1958. Bob Davies, beaten in this year's semifinals by Plank, was the 1960 titlist.

In Thursday's match Wickerham was one down at the end of 18 holes. The contestants were tied at the end of 27 holes and Wickerham won the 28th, 32nd and 33rd holes in gaining the title.

Previous club champions are: 1948, Philip Jones; 1949, Kermit Deardoff; 1950, John Riddlemeyer; 1951, Thomas Cline; 1952, Kermit Deardoff; 1953, Wickerham; 1954, Harold W. Brake; 1955, 56 and 57, Bob Davies; 1958, Wickerham; 1959, Plank; 1960, Davies.

Other flight championships have not yet been determined.

Both games promise to draw big crowds. The kickoff times are 8 o'clock.

Three other county teams wait until Saturday to play their openers.

NEW DRIVERS AT LINCOLN

Three Port Royal drivers who made a big hit in their initial appearance at Lincolnway Speedway last weekend are coming back to the Pigeon Hills oval.

Frankie Thompson (Car 96), Leroy Felty (77X) and Troy Funk (28) will be on hand for sportsman-modified competition Saturday night at 8.

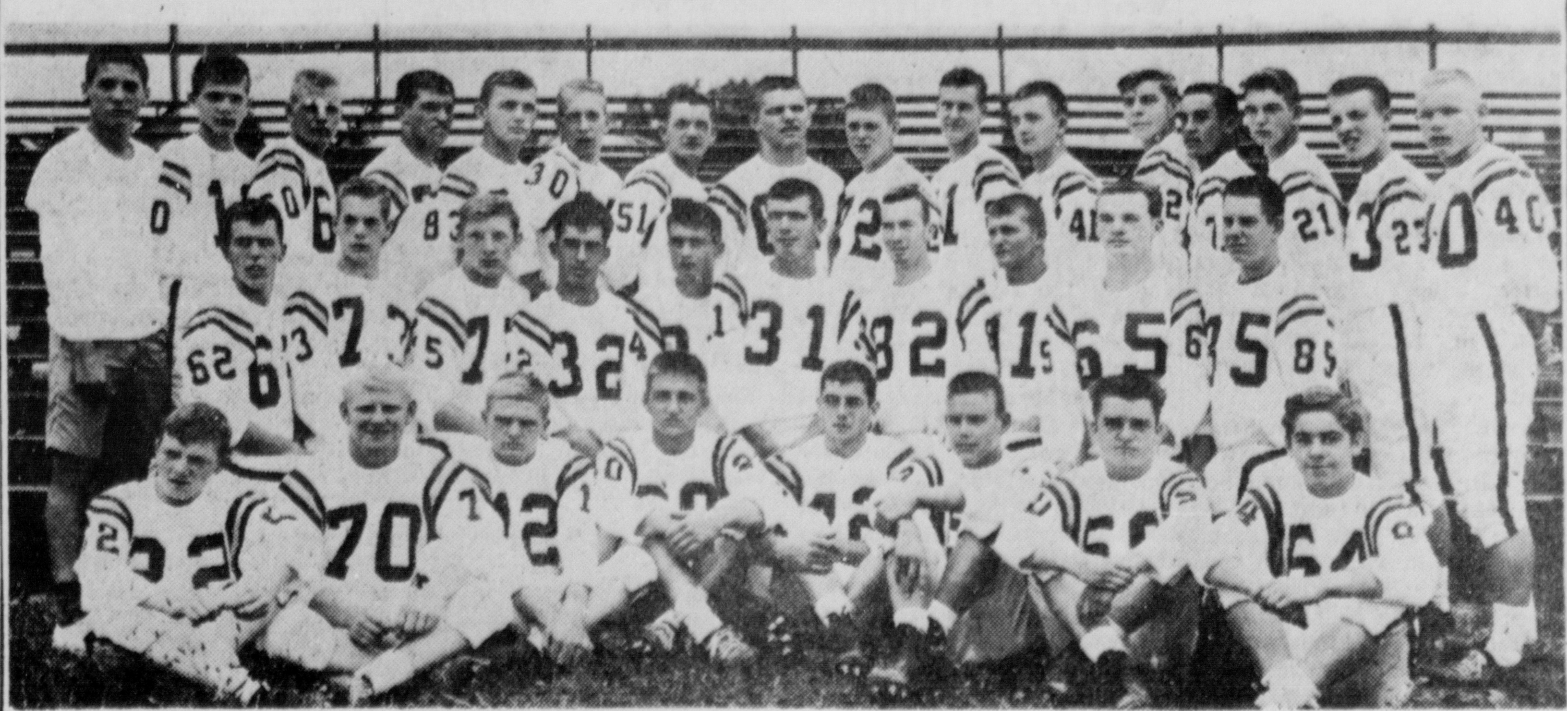

Felty and Funk were heat winners last week. In the feature, Felty gave Johnny Mackinson his chief argument before the Delta Dart staged a late flurry to win going away.

Mackinson's win skein, now at seven, appears in danger with word from the upstate track that Felty has his jalopy in fine tune.

Two 10-lap heats and a 25-lap feature for both sportsman-modifieds and strictly stockers make up the Saturday slate at Lincoln.

The Hills oval will stage its Langrove qualified September 16 with the S-M winner gaining a berth in the \$12,000 national open race October 8 at Langrove Speedway, near Philadelphia.

Two Playoff Games Sunday

After being rained out last week, playoff games in the South Penn Baseball League will resume Sunday afternoon.

Arendtsville, loser 9-1 two weeks ago, plays at Fairfield in the second of their best-of-three set. Littlestown, 12-1 winner in the opening game, meets Hunterstown on the Old Mill field at New Oxford.

Both series are best-of-three affairs.

Sunday's games will start at 2 o'clock.

LION MENTOR NOT CONCERNED OVER RATING

By DAVE LEHERR

UNIVERSITY PARK, Pa. (AP) — Pre-season predictions tabbing Penn State as the top football power in the East aren't bothering head coach Rip Engle in the least.

Fact is, Engle figures the high rating will give his boys something to live up to.

The battle for eastern football supremacy probably will be between the Lions and Syracuse with Army and Pitt strong contenders, Engle said.

"BEST GROUP"

Engle looks on his own squad as "one of the best groups of kids I've ever worked with."

Engle's one big problem has been injuries and sickness.

So far, his big breakthrough threat, Roger Kochman, has been unable to take part in any scrimmages because of a charley-horse.

Another sparkplug most likely to miss the opener is captain and tackle, Jim Smith, who suffered a head concussion in state's first all-out scrimmage earlier this week. He'll be out of action indefinitely, Engle said.

Stealing most of the plaudits from Engle have been Don Jonas, a 5-11 halfback from West Scranton, Pa., Dave Hayes, a 265-pound junior fullback from Belmore, N.Y., and ends Bob Mitinger and Dave Robinson.

OTHERS PRAISED

Others praised by Engle were ends Dick Anderson, and Jim Schwab, centers Jay Huffman and Bill Saul, and guards Harrison Rosdahl and Joe Blasenstien.

Engle figures on veteran quarterback Galen Hall leading state's first unit, with either sophomores Don Caum or Pete Liske handling the reins of the second unit.

"Syracuse no doubt will be our toughest opponent, Engle added, "with Army and Pitt coming next." Other opponents include California, Holy Cross, Miami, Fla., Boston U., Maryland and West Virginia.

FULL SLATE OF GAMES FOR NFL

By THE ASSOCIATED PRESS

A crowd of 40,000 will watch Coaches Buddy Parker of the Pittsburgh Steelers and George Halas of the Chicago Bears match wits tonight in Chicago's Soldier Field in an effort to give their respective teams a winning National Football League exhibition season.

The Steelers-Bears clash is the 16th annual Armed Forces Benefit game and will be the closing exhibition contest for both clubs.

Pittsburgh and Chicago enter tonight's tilt with 2-2 NFL records and the memory of a 21-21 deadlock in the same Armed Forces scrap last year.

WIND UP EXHIBITIONS

No other games are on the schedule tonight, but all the remaining 14 clubs wind up their exhibition campaigns either Saturday night or Sunday. The regular season begins Sept. 17.

In Saturday games, Washington plays Green Bay at Columbus, Ga.; Philadelphia meets St. Louis at Hershey, Pa.; San Francisco plays Dallas at Sacramento, Calif.; and Detroit is at Cleveland.

Sunday, Los Angeles plays the Minnesota Vikings at St. Paul, Minneapolis; and New York meets Baltimore at the Yale Bowl in New Haven.

Ring A Round

Prospects for two halfback spots on the 1961 Colgate University football team pose during workouts at Hamilton, N. Y. They are, clockwise beginning at bottom: Clinton Rappole, Alexandria Bay, N. Y.; James Heilman, Hanover, Pa.; James Deegan, Frederick, Md.; James Citron, Verona, N. J.; Richard Jackson, Buffalo, N. J.; Peter O'Neill, Ramsey, N. J., and Michael Faiola, Arlington, Mass. 'COMMUNISM' IS ADDED TO MANY HIGH SCHOOLS

By G. K. HODENFIELD
AP Education Writer

WASHINGTON (AP) — Quietly and almost unnoticed, a new course of study is being added in public high schools all across the country.

The subject—world communism, what it is and how it works. Until recently the climate of the times was against such instruction.

It was less than four years ago, for instance, that the American Legion reversed its long-standing policy against teaching anything about communism in the public schools.

Now the legion is working with the National Education Association on a proposed program of study about communism which may be offered to the public schools as a model course.

STILL RESISTANCE

There still are hard pockets of resistance to the idea.

Recently the magazine "The Nation's Schools" conducted a poll of school superintendents, asking: "Should a specific course on communism be taught in all high schools?"

Thirty-seven per cent said no, 27 per cent said it should be offered on an optional basis and only 36 per cent said it should be required.

These recent developments, as reported by the NEA, show how the tide has turned since the days when high schools maintained a strictly hands-off policy on teaching about communism.

ONE NO VOTE

The Associated Press asked delegates to the 1961 convention of the National School Boards Association whether they thought it was necessary for the public schools to teach about communism—how it differs from capitalism and how it differs from democracy.

There was only one no vote, and that was qualified: "Not unless you permit teaching about Christianity."

A similar poll of delegates was taken at this year's meeting of the National Congress of Parents and Teachers. Again the response

CLOSE BIDDING

to be forthcoming because financing costs are lower than had been estimated.

Bids were opened Thursday evening at the high school at a joint meeting of the school authority and the joint operating committee. Then nearly two hours was spent by representatives of Butcher and Sherrerd, Philadelphia, financial advisers, on business machines calculating the complicated bids that involved interest rates and annual rentals.

Some of the bids had to be calculated to eight decimal points to determine their rank among the offers.

The other bidders and their offers on interest rates follow: Harriman Ripley, 3.55766; Kidder Peabody, 3.59944; Blythe and Co., 3.60954, and Eastman Dillon, 3.643.

One Butcher and Sherrerd representative who helped on the calculations said the bidding was "so close, it's fantastic." A representative of bond counsel, Saul, Ewing, Remick and Saul, Philadelphia, also was present for the bid opening.

OTHER DECISIONS
In the time while the two groups of officials awaited results of the bid compilations it was decided to reject an alternate offered in the bidding on the sound system in the new building and to have installed the specified Duquesne system. No change will be involved in the bid figure.

Thursday's heavy rains brought a decision to get a change order to have gates installed in some sections of the area where Winebrenner Run is to be covered in front of the new building.

Arthur E. Hutchison, chairman of the authority board, and Ralph W. Guise, president of the joint school board, presided Thursday evening.

HOME FROM HOSPITAL
F. Harmon Furney, post office employee and president of the Gettysburg Civil War Round Table, returned to his home on Sunset Ave. Thursday following an operation for removal of a spinal disc at the University of Maryland Hospital, Baltimore. He is to spend a month recuperating at his home.

was overwhelmingly in favor of instruction about communism.

SAYS CHANCES OF HR RECORD 'EXCELLENT'

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Never were Roger Maris' chances of breaking Babe Ruth's home run record brighter than today.

The Yankee slugger smashed another four-bagger Thursday night in New York's 7-3 triumph over Cleveland to increase his season output to 55, only five shy of the mark Ruth set with the Yankees of 1927. He is seven games ahead of the Babe's record pace.

It seems no longer a question as to whether the left-handed half of the Mantle-Maris socking duo will break the homer record, but how soon?

Maris remains firm in his refusal to discuss the possibilities, but even Mantle and manager Ralph Houk acknowledged Rog's chances were "excellent."

EXCELLENT CHANCES
Houk, in fact, hinted broadly that Maris might even do it before the Indians leave town Sunday night. Before the game, that became the Yankees' eighth triumph in a row, Houk said: "I would have to say Rog's chances are excellent. He may not hit any homers tonight because they're using a left-hander (Dick Stigman), but he should be able to hit a few off the right-handers Dykes (Cleveland Manager Jimmy Dykes) will throw at us in the remaining four games."

"Undoubtedly, we'll see Bell, Perry, Grant and Latman. Maris and Mantle, too, hit the stuffings out of those guys."

Houk was wrong about Stigman (Maris socked him for a home run and two singles in three times at bat) but the records bear the manager out regarding the others. Maris has slugged Perry for three home runs and Bell for two. He's faced Grant twice and Latman only once this year, not hitting any off either.

HIT CURVE BALL
Mantle's best Thursday was a two-bagger in four times at bat but in the first inning Willie Kirkland caught his drive with his back against the right-field barrier. He has 51 homers.

Maris got his homer in the third inning. He hit Stigman's second pitch, a curve ball after the southpaw had brushed him back with a high inside fast ball. In the first inning, after Tony Kubek tripled, Maris surprised everybody

Sin Is Gulf Between God And Creature

By REV. L. E. ROHRBAUGH
Pastor, Centenary EUB Church, Biglerville

A lone hunter pushed his way through the thick undergrowth in one of the forests deep in the heart of Germany. Suddenly he sighted the object of his search, a large stag deer. For many hours the hunter patiently tracked the great animal, but the deer had tried in every way to elude and throw him off the trail. All had failed; its swiftness and instinctive cunning had not outwitted the skilled hunter. The deer had reached a dead end, and before it stretched a vast chasm 60 feet wide and many hundred feet deep. The deer carefully weighed the situation; if first gave a look backward in the direction from which the hunter was coming, and then forward at the wide fearful chasm. Finally, summoning all its strength, it leaped, venturing all on a desperate attempt to bridge the great distance and make it to freedom on the other side. The hunter saw the deer

vanish from sight as it fell to the rocks below. Its great strength had not been enough; the gulf had been too wide.

There is a gulf between man and God. In the 59th chapter of Isaiah, the prophet faced the reality of the great gulf of separation: "Behold, the Lord's hand is not shortened, that it cannot save; neither His ear heavy, that it cannot hear; but your iniquities have separated between you and your God, and your sins have hid His face from you, that He will not hear."

SIN BRINGS LONELINESS

Sin separates man from all that is good. It brings loneliness instead of fellowship, despair instead of happiness, sorrow instead

of joy. Sin leads to a wide gate, a broad way, an easy road, but the end is destruction. It separates man from God. The beauty of His creation, the splendor of His heaven, the glory of His presence: everything worthwhile in this life and the next is lost forever to the man who forgets God. The song of a bird, the lullaby of little children, the rippling brook: these forever unheard in an empty world.

Sin is a dead end street, an uncrossable chasm, an impassable gulf. No man can cross this gulf alone. Isaiah describes man's predicament when confronted by the impassable gulf of sin: "Their webs shall not become garments, neither shall they cover

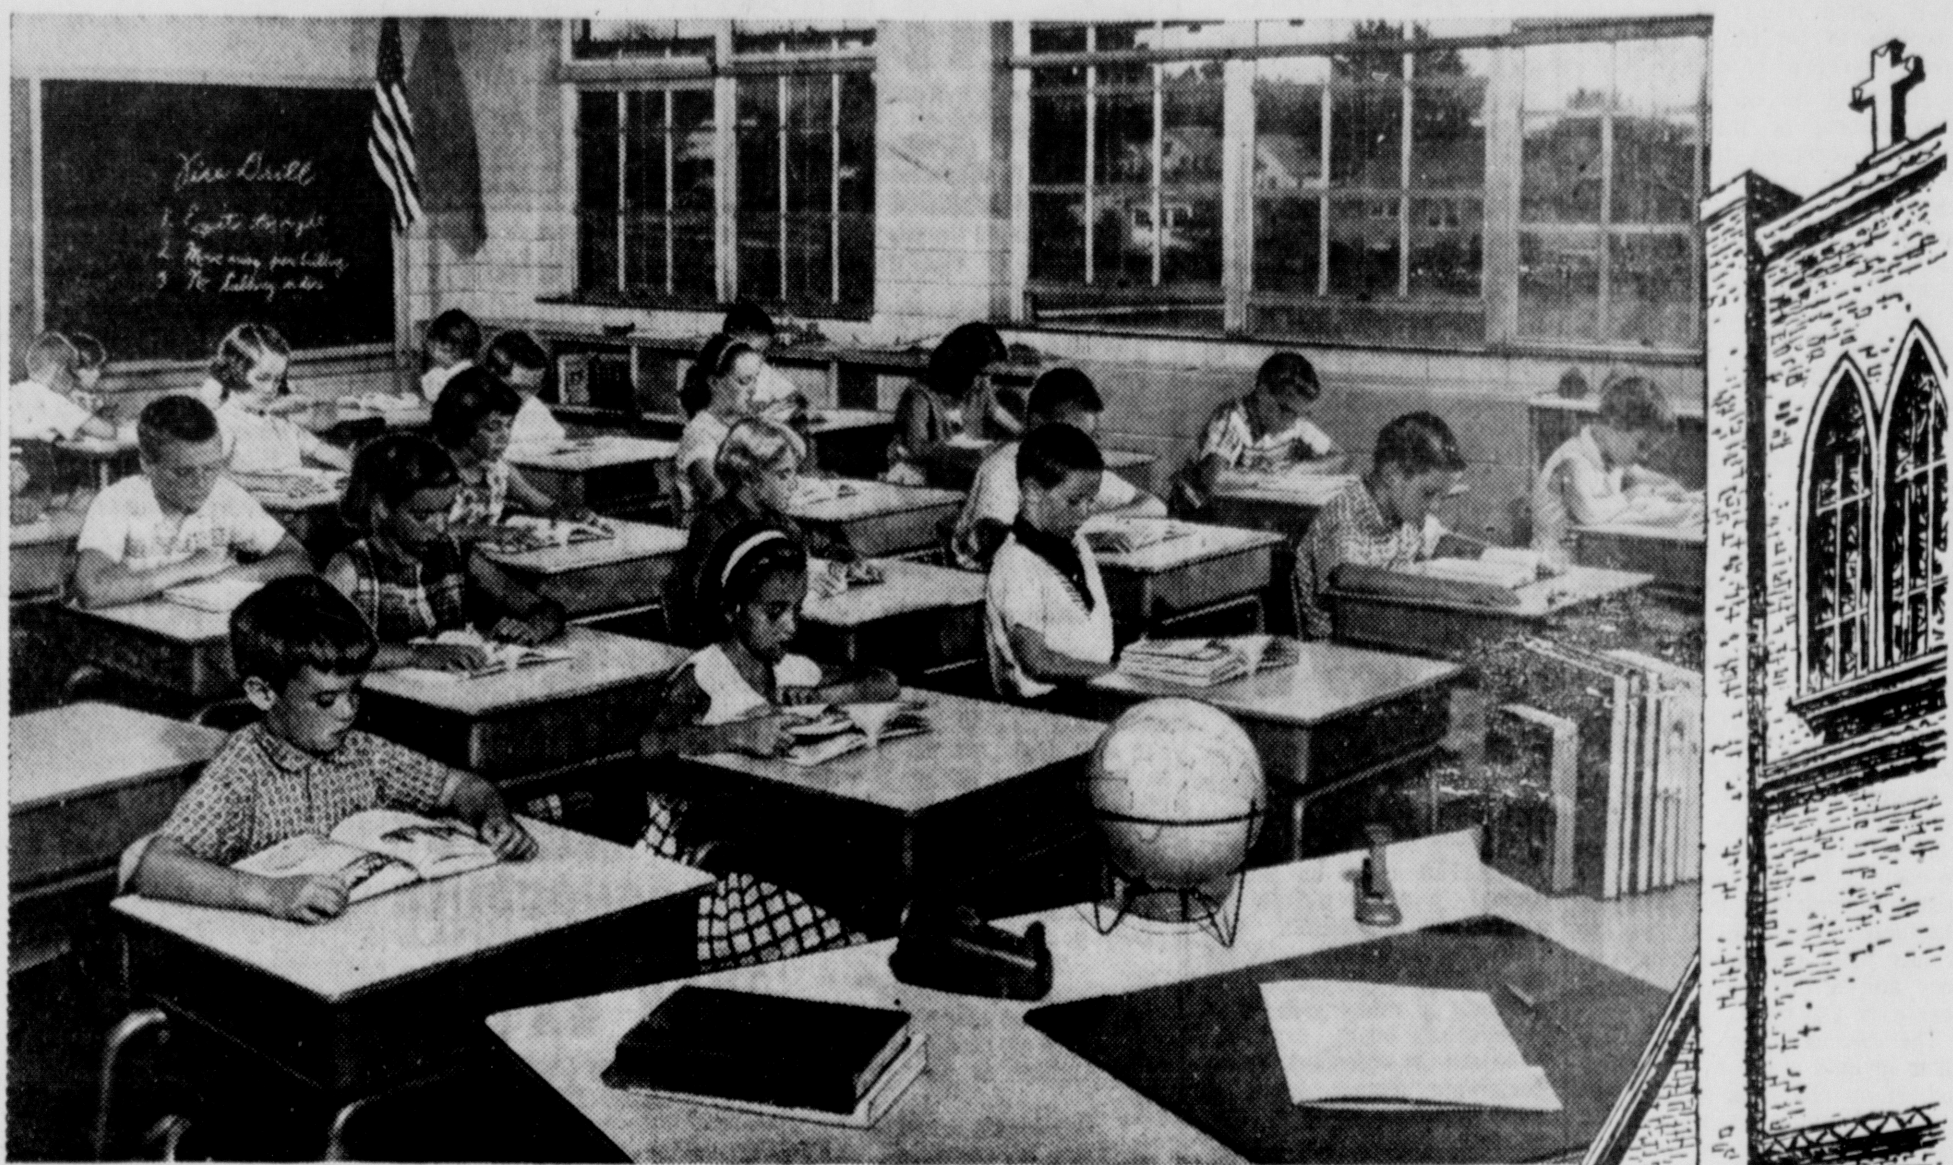

themselves with their works." The garments that cover the body can never hide the sins of the heart. The good works of righteous living can never atone for the iniquities that stain a man's soul.

The writer of Proverbs declares, "There is a way which seemeth right unto a man, but the end thereof are the ways of death." Man may bridge the gulf of outer space and stand upon the face of the moon, but the gulf of sin remains impassable. Man's efforts alone, no matter how noble and sincere, will never suffice. Like a man in quicksand, the more he fights to extricate himself, the deeper he sinks into the mire. Human effort alone will never be enough; the gulf is too

wide. But now the prophet points to the source of deliverance: "The Redeemer shall come . . . unto them that turn from transgression." God has provided a way to bridge the chasm. A Redeemer has come from across that vast gulf and identified Himself with the predicament of man's hopeless estate. "He who knew no sin was made sin for us." He took our place on that dead end street. He faced the gulf of our separation. He opened a way from earth to heaven, from sin to salvation. His cross became a bridge that spanned the mighty gulf. His death destroyed the power of sin and His resurrection brought triumph out of defeat. Jesus, the Christ, I am with you always, even unto the end of the world."

Son of God became the Son of man and stretched Himself out upon the cross of man's condemnation. He transformed the curse of the cross into a bridge of reconciliation. The work has been finished; the price has been paid; the gulf has been passed.

Each soul must face eternity, but he need not face it alone. Death comes to us all, but it need not be feared. The Redeemer has come; a Saviour has been born; the chasm has been crossed. Each one must face the impassable gulf of his sin, but the Redeemer is willing to take you across. You need not be afraid for He knows the way. He will never leave you nor forsake you. "Lo, I am with you always, even unto the end of the world."

The Unquestioned Compulsion

Years ago there were many who disputed the novel idea of free and compulsory public education. The first truancy laws were opposed as infringements on liberty.

But as our children return this fall to schools that will mold their growing minds—does a single parent complain?

I believe in sound religious education, as well. The molding of the character should keep pace with the molding of the mind.

Naturally I never want my government to exercise compulsion in this sacred area. And my Church, while it offers a complete curriculum of religious training, does so on a free and voluntary basis.

But I'm a parent! And, though I find that example and encouragement usually suffice, I'm not above telling Johnny, "YES, SON, YOU HAVE TO GO TO SUNDAY SCHOOL!"

As a child begins to see the importance Faith has in our lives and in the strength of our nation . . . you'll be surprised how quickly this becomes an unquestioned compulsion.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and ready your Bible daily.

LANGUAGE IS BARRIER IN FOREIGN TV

By CYNTHIA LOWRY
AP TV-Radio Writer

HOLLYWOOD (AP) — This week's "Mystery Theatre," the series of English-made suspense movies which is keeping the NBC store for vacationing Perry Como, had, as a principal character, an actor who spoke all his lines through a cigarette dangling from his lips.

He also spoke fast, and the cigarette caused him to mumble. He frequently had such lines as "Do any old lads work in this plant?" and "A child of three could open this safe with a blunt tin-opener."

This was all very fine for a British audience, whose ear is attuned to its own brand of language and who understands local slang, but sometimes the American audience is left completely in the dark for long stretches of plot.

PRESENTS PROBLEM

This difference between English and American English sometimes presents a real problem in the foreign production of TV shows for United States consumption. In fact, when the NBC "Hitchcock Presents" series decided to experiment this summer by making one program in England, director Norman Lloyd, an American, and several assistants flew from Hollywood to Britain to supervise the show.

The single program, "I Spy," uses British actors and technical crews. The company went to the resort town of Brighton for outdoor location scenes and made interior scenes in real London locations.

"But we didn't feel we could use a British director for the show," explained British-born, English-accented Joan Harrison, producer of the long-playing series. "No Briton can possibly gauge how British you can get in a show and still keep an American audience with you."

This may be the last year of the half-hour "Hitchcock Presents" show, incidentally, because both Alfred Hitchcock, the star, and Miss Harrison are thinking of

Widow Jailed For Drowning Child

READING, Pa. (AP) — A 43-year-old widow has pleaded guilty to drowning one of her eight children in a bucket last October.

Mrs. Katie Johnston, of nearby Spring Township, entered her plea Thursday before President Judge Warren K. Hess in Berks County Court. She was sentenced to an indefinite term at the Women's Correctional Institute at Muncy.

A probation officer testified Mrs. Johnston was placed on probation in 1955 for concealing the death of another child.

KILLER SEEKS
EIGHTH STAY
OF EXECUTION

STAUNTON, Va. (AP)—Charges made in a habeas corpus proceeding by a convicted murderer seeking escape from the death penalty have been denied by the Commonwealth of Virginia.

The state's denial was contained in a brief filed with the state Supreme Court Wednesday regarding a move by attorneys for Clyde Raymond Near, convicted in the 1958 slaying of Barry Steele Chapman.

Since he was convicted Aug. 4, 1959, for the slaying of Chapman, 24, a counselor at a state correctional school for boys in Powhatan County, Near has been granted seven stays of execution. The state Supreme Court has upheld the Powhatan County Circuit Court conviction.

Near's execution now is set for Sept. 22, pending outcome of the habeas corpus proceeding. Should this move fail, another date will be set.

The state in its arguments Sept. 22, pending outcome of the Wednesday denied defense charges that Near was not present when an agreement was reached that the jurors could be sent home at night.

To a contention that jurors mixed with spectators on the courthouse lawn during the trial and discussed the case, the state said this was answered in the state Supreme Court's opinion upholding the conviction. The state also argued relief should be sought through appeal, not habeas corpus proceedings.

WILL CHANGE
LIGHT SYSTEM
IN TANEYTOWN

TANEYTOWN — The town council, at a meeting Monday evening in the firemen's building, approved changes in the street lighting system and authorized the street committee to place the necessary stop, no parking and speed limit signs where they are needed.

The street lighting system will include: Two new fluorescent fixtures installed at the square; stronger bulbs in the present fixtures throughout the town, and new fixtures at the following locations: George St. Extd., near Frank Dunham's; three in Taney Heights, one at Dean Brown's house, one at Truman Han's house on the park entrance road and one in the trailer court.

It was announced that steps are being taken to clean up the fence row and alley at the rear of the Lutheran Church.

PINT BUILDING

Action was taken to paint the front of the Municipal Building Annex and make repairs as necessary.

Charles Stonesifer and George Fream discussed the problem pertaining to the public alley along side the post office and the privately owned ground along the Poto.nac Edison building. They noted that many post office patrons block this public alley instead of parking along the street.

The Jaycees have invited the mayor and city council to meet with them October 12 to hear a talk by George Grier on "Carroll County and Your Community."

RENEWAL EXPERT

It was announced that Charles Leete, field co-ordinator of the Area Redevelopment Association from Washington, will address the council Monday evening on urban renewal plan for Taneytown.

The mayor was ordered to patch the holes in the streets as soon as possible.

The police report for the month included 30 tickets issued, 14 paid, six funerals and two meter posts in need of repair.

The treasurer's report included: Receipts, \$4,696; expenditures, \$3,317, leaving a balance of \$6,265, and the parking meter fund balance was reported at \$4,454.

GANG LEADERS GIVE GRIPES AT GATHERING

By JOE DILL

CHICAGO (AP) — "Little Man" stood in darkness behind a wooden screen. His audience couldn't see him, but they knew him by reputation as boss of a gang of young neighborhood toughs.

And they paid close attention to what he said.

"If we had a better police department," his high-pitched voice broke into the stillness, "I wouldn't be an ex-con today."

"Little Man," who is about 5 feet, 3 inches tall, was in a reformatory at 15, and later was in prison.

"And let me tell you something," the 20-year-old youth said, "we're not a gang. We're a group and we need your help."

200 ATTENDED

About 200 persons—shop owners, residents, mothers and fathers—heard three South Side gang lords, known only as "Little Man," "Frank" and "George," plead Thursday night for understanding and compassion.

A spokesman for the audience which gathered because they want to stop juvenile gang activity in their middle-class, reasonably tidy neighborhood, said the youths bolt struck, but none was injured.

came willingly, on the stipulation they not be identified.

They spoke from a dark corridor, a wooden screen separating the audience, which was silent except for applause after each youth spoke.

Another gang leader, "Frank," 19, said the gangs have too much idle time.

"We go out at night and scrape up enough change to get a little drunk because there's nothing to do," the boyish voice said.

"Lack of firmness when we were young got us into trouble—and now it's too late."

Members of the three white gangs silently stood around the perimeter of the racially mixed crowd.

"Why, they look just like normal boys," one woman murmured.

Enola Youth Is Killed By Bolt

NEVILLE, Pa. (AP) — Larry W. Seiders, 16, of Enola, was killed by a bolt of lightning Thursday while picking tomatoes on a farm near this Cumberland County town.

Another youth, Daniel Fuller, 18, of Harrisburg, who was standing nearby the Seiders boy, was severely burned on the left arm and required treatment at Carlisle Hospital.

At least eight others were working in the tomato patch when the bolt struck, but none was injured.

EXPERT FEELS TEST DEBRIS WILL CROSS U.S. THIS WEEKEND

By FRANK CAREY

Associated Press Science Writer

WASHINGTON (AP)—A government fallout expert said today the cloud of radioactive debris from the first of four recent Soviet nuclear tests is expected to cross the northern United States by this weekend.

Dr. Lester Machta of the U.S. Weather Bureau said he could not estimate when debris from the three later tests would reach this country. But that debris, together with some from the first test, may pass over the entire country, he said.

Machta said some fallout will reach the earth wherever the radioactive cloud passes over—and will continue to as the cloud keeps circling the earth.

But he offered a qualified view that the amount of fallout deposited on the United States would be no greater from the first four Soviet tests "than it has been from any of our own test series in Nevada in the past."

He said this estimate is based on a hopeful assumption that none of the four devices exceeded 50,000 tons of TNT equivalent in explosive yield. He pointed out that the Atomic Energy Commission has given no specific figures on the estimated yields of the Soviet tests.

Machta, one of the nation's foremost researchers on fallout distribution, made the comments in explaining a map he prepared projecting the course of the fallout cloud from the first test last Friday.

TRACES PATH

The map traces the path of the cloud from west to east through a high level of the troposphere—the part of the atmosphere from the surface of the earth to about 50,000 feet.

Machta chose the 30,000 to 40,000-foot level because it has the strongest winds.

He said the cloud passed in a generally easterly direction from the central Asian detonation site—spanning the Asian mainland, then crossing the Bering Sea.

It crossed all of Alaska Monday and Tuesday and at the same time went over Western Canada.

Dr. Edward A. Haegle of Mechanicsburg, the Cumberland County coroner, said metal baling wire on Seiders' basket apparently served as the conductor for the lightning bolt.

East Germans Display No Open Defiance Of Red Ban

EDITOR'S NOTE — Hanns Neuberger of the AP staff in Frankfurt is in East Germany for the Communist semiannual Leipzig Trade Fair. In this dispatch he measures the mood of East Germans since the Reds sealed off the Berlin escape hatch Aug. 13.

By HANNS NEUBERGER
LEIPZIG, East Germany (AP) — People in East Germany seem increasingly resigned to the facts of cold war life. If any rebellious mood has developed since the Communist rulers cut off the Berlin escape hatch to the West, it is not apparent.

The Communist regime may be able to consolidate its hold as the supply of consumer goods increases. Although progress in this field is far below West Germany's it is nevertheless undeniable.

For nine out of ten East Germans, the wall and barbed wire dividing Berlin are out of view—except for those who still dare to watch Western television. The Communist party has set Sept. 17 as the deadline for all East Germans to stop viewing the West German programs.

POPULAR SENTIMENT

If an East-West settlement is reached, people hope the Communist regime will permit at least partial resumption of the family ties now severed through a rigid travel ban for East Germans.

A businessman took this pessimistic approach: "I have my contacts and I could still cross into the West. But I won't, because one day West Germany also will be Communist and I'd have to go through it all over again."

Hundreds walked off during a speech here on Monday by the East German Communist leader, Walter Ulbricht. And British visitors thought the crowds greeting Gherman Titov, Soviet cosmonaut, were thinner than those in London who welcomed his fellow space traveler, Yuri Gagarin. There was also grumbling in the queues at the grocery stores.

NO DEFIANCE

But there were no signs of open defiance.

Regular visitors to the Leipzig Trade Fair agree the East German living standard has undoubtedly continued to improve during the past year.

Leipzig has always been a show window and been given priorities. But some veteran travelers through the Iron Curtain say the East German level now appears to have surpassed Czechoslovakia, long the most prosperous of the satellite countries.

More and more private cars can be seen here on Sunday outings. Blue jeans and Western jazz are no longer frowned upon so severely by the authorities.

As for food, butter—half a pound per week per head—and potatoes are still virtually rationed. Housewives rarely have a wide choice in vegetables or fruit. But reports of a food crisis or widespread hunger are exaggerated.

(Events exactly 100 years ago this week that led to the Civil War—told in the language and style of today.)

Grant Forces Occupy Vital Paducah, Ky.

Polk, Former Episcopal Bishop, Opposes Illinoisan in Campaign

PADUCAH, Ky., Sept. 6—Kentucky's long-fought-for neutrality ended decisively today when this strategic town was occupied by Union forces under Brig. Gen. Ulysses S. Grant.

Grant, an Illinoisan recently assigned to command Northern troops headquartered at nearby Cairo, Ill., seized Paducah a scant six hours before the scheduled arrival of Confederate units under Maj. Gen. Leonidas Polk, a former Episcopal bishop, who was advancing from the south.

Paducah was considered a prize by both sides because of its location at the mouth of the Tennessee and Cumberland Rivers.

ACCOMPANIED by two gunboats, Grant and his force left Cairo yesterday and moved into Fort Holt, ten miles downriver from Paducah.

He moved onto his objectives this morning and took undisputed possession.

Maj. Gen. John Charles Fremont, commander of Union forces in the west, immediately ordered Grant back to Cairo and posted C. F. Smith, a new brigadier-general, to the occupation of Paducah.

Smith brought two regiments with him from Fremont's St. Louis headquarters.

THE TWO opposing leaders in the Kentucky campaign—Grant and Polk—are graduates of the U. S. Military Academy at West Point.

But the similarity stops there. The careers of the two have been widely divergent since.

Grant served with the regular army in California, then drifted back to Illinois where he worked with little success as a farmer and helper in his father's harness and leather goods shop in Galena.

While Grant was floating around the country, Polk was serving as a priest in the Episcopal church. After leaving West Point in 1827, Polk began studying theology and was ordained in 1831, becoming a missionary bishop of the southwest seven years later.

IN 1841 he was made Bishop of Louisiana and in 1860 founded the University of the South at Sewanee.

Jefferson Davis, president of the Confederate states and a West Point classmate of Polk, offered the bishop a

Johnston Named Commander Of Rebel Troops In West

RICHMOND, Va., Sept. 10—Gen. Albert S. Johnston was named commander of all Confederate troops in the west today by Jefferson Davis, president of the provisional Confederate States.

A professional soldier of wide reputation and admiration, Johnston has been serving as the second highest-ranking officer in the Southern army, being outranked only by Gen. Samuel Cooper, adjutant and inspector general.

He was expected to join Maj. Gen. Leonidas Polk at once in Kentucky, scene of the most fluid action in the west in recent days.

BONN, Germany (AP)—Andrei A. Smirnov, Soviet ambassador to West Germany, left suddenly early Thursday for what his embassy said were "urgent consultations" in Moscow.

The envoy's surprise departure heightened speculation that the East Germans backed by the Kremlin, are planning new trouble over Berlin.

JAKARTA, Indonesia (AP) — Darul Islam terrorists slaughtered 58 villagers in West Java near Bandung Wednesday, the Antara news agency reported.

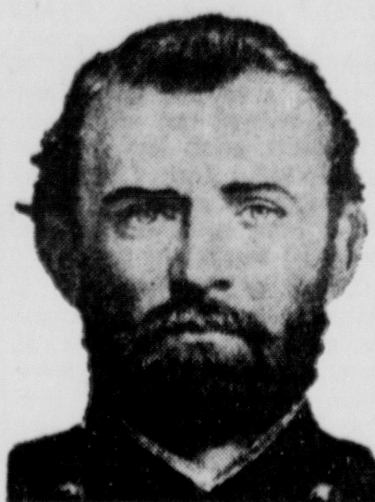

The terrorists, who want to convert Indonesia into a militantly Moslem state, swept down on four villages, shooting indiscriminately, burning and looting. They razed 130 houses, looted food supplies and fled into the jungled mountains.

MOSCOW (AP)—Dmitri Shostakovich has completed his 12th symphony, a work "devoted to the memory of the great Lenin," the newspaper Soviet Culture reported Thursday.

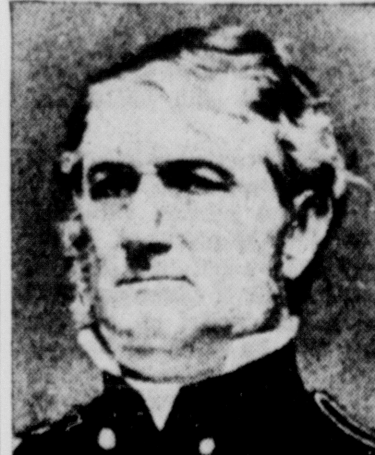

The work is based on the Bolshevik Revolution, the paper said, and will be performed for the first time next month in conjunction with the 22nd Congress of the Soviet Communist party.

Highest point in Polk's Kentucky campaign so far has been his occupation of rail heads along the Mississippi, in a struggle for control of the vital Mobile and Ohio Railroad.

But Grant's action today in securing Paducah leaves little doubt that Kentucky, which has seen-saved in its support of North and South, will remain under Union guidance from now on.

American Commies Ready For New Flip-flops As Moscow Changes Script

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Soviet flip-flops—there have been some beauties—are done with sheer gall and handy, if unconvincing, sanctimonious explanations. But in each case, as now, Moscow acts without visible embarrassment.

The ones who get embarrassed are the Communist party members outside Russia, particularly American Communists, but only temporarily. When the Soviet line is suddenly changed, they have to quick-step to join the new line.

That's happening now with the American Communists. They've been strangely silent since last week's Moscow announcement that Russia, which for three years suspended nuclear tests and said it opposed them, would resume testing.

WILL OKAY SHIFT

When they collect their wits, the American party members will approve as they have approved one Russian shift after another through the years. Take a look at some of the classic flip-flops, by Russian and American Communists:

During the Hitler years up to 1939 Stalin was the enemy of Nazi fascism. In those years American Communists called for a "united front" against Germany. William Z. Foster, American party head who died last Friday in Moscow, was urging the United States to end its isolation and jump into the European power struggle.

In August, 1939, Hitler and Stalin signed their nonaggression pact. Within a month Hitler started World War II and he and Stalin carved up Poland.

REDS WERE STUNNED

Communist party members here and in France and England were stunned. They soon got in line. American Communists began urging the United States to stay out of war, cooked up the slogan "The Yanks are not coming," and opposed American defense preparations.

After the Nazis smashed the nonaggression pact with Stalin by invading Russia on June 22, 1941, the American Communists reverted overnight to the "united front" against nazism.

The American Communists became so carried away with the idea that, under the leadership of Earl Browder, they changed their name to the "American Political Association." They called themselves a "nonpartisan association of Americans."

COLD WAR

This was all right with Stalin until 1945, with the war in Europe almost over, he decided, although this country didn't realize it at the time, to drop the "united front" cooperation with the West and begin the cold war.

There was a simple explanation for this. Hitler was crushed and Stalin didn't need Western help which might be an inconvenience in taking over Eastern Europe. But Browder didn't understand.

He was still living under the illusion that harmony with capitalism was what communism wanted. Stalin had so much contempt for the American Communist party he didn't even notify it directly that the line had changed.

FRENCH COMMIE

He got a French Communist leader, Jacques Duclos, to do it in a letter he published in a Communist paper in Paris. Duclos

ridiculed the absurd spectacle of American Communists cooperating with capitalism.

In this way the American party members got the word about the new flip-flop. In June 1945 they announced a new "Marxist" policy to bring to an end the "period of collaboration with the current political and economic setup of the United States."

Browder, on the rocks, denounced this as "bohemian anarchism." Foster, Stalin's hand-picked disciple of the new line, denounced Browder as a "bourgeois reformist." The Communists' wartime "political association" voted itself out of existence and once again became the American Communist party.

FOSTER NAMED

Foster was named the new party boss—although Eugene Dennis, who died last Jan. 31, became the real one and Browder was thrown out.

But Communist party members everywhere—except perhaps in Red China—had their greatest convulsion on Feb. 24, 1956, when Russian communism made the most sudden switch in its history.

On that day Nikita Khrushchev, now premier, denounced Stalin, who had died in 1953, as a monster and murderer with a list of crimes behind him big enough to shock the world. Khrushchev even suggested that Communist parties outside Russia might work out their own road to socialism.

DO FLIP-FLOP

All over the world—but particularly in this country—Communist party members beat their breasts and tried to understand what the new flip-flop meant. The American Communists, in the Daily Worker of June 7, 1956, confessed: "We were wholly ignorant that these crimes had been committed (although it was clear to practically everyone else that Stalin had been slaughtering people for years). Yet, there was reputable evidence had we but listened ... We were wrong, terribly wrong."

Some Communists—particularly in Poland and Hungary—thought maybe Khrushchev really meant to let them have a little more say-so on their own. He squelched that idea in a hurry by visiting Poland in 1956 and threatening force if the poles got frisky. They subsided in a hurry.

But it was in Hungary that he really showed he wasn't relaxing anything. He sent in Russian tanks to slaughter the Hungarian rebels. This bloody action again threw Communist party members outside Russia into a tizzy. It didn't last long. Everywhere now they are under rigid Moscow control.

In each flip-flop the Communist party in this country lost members. Most of them were probably basically sentimentalists. The hard-core Communists stayed in the party whose low point was 7,500 members in 1930, whose high point was 80,000 in 1944 and whose membership now is about 10,000.

The new boss of the American party, Gus Hall, the successor of Dennis, has kept quiet recently, perhaps until he can digest the new Russian line on nuclear tests. Moscow says it must resume tests because of the Allies' threatening attitude.

LAWRENCE ASKS PUBLIC BRIEFING

HARRISBURG (AP) — Gov. Lawrence told a national meeting of lawmakers Thursday government must explore new methods of acquainting the public with the work it is doing.

"When we have done this, the people themselves will become more interested, more active and more nearly a part of government," Lawrence declared.

He made the statement in an address to the 14th annual meeting of the National Legislative Conference in the Forum of the state Education Building. The lawmakers were visiting Harrisburg on a tour in conjunction with their regular meeting at Philadelphia.

"This change in attitude is absolutely essential to progress in government today," Lawrence said, adding:

"Without it, both the legislature and the executive branch are hamstringing by false impression and innuendo."

DIES OF INJURIES

NORRISTOWN (AP) — Thomas Fennell, 8, died Thursday in Montgomery Hospital of injuries suffered Tuesday evening when struck by a car near his home.

Police said the boy rode a small, two-wheel bike out of a driveway, and was struck by a car driven by William J. Gallagher, 32, of Phoenixville.

LEO CARRILLO IS NEAR DEATH

SANTA MONICA, Calif. (AP) — Cancer-stricken actor Leo Carrillo has only "a few days, or a week or two" to live, his doctor reports.

Dr. Adolph Kosky said Carrillo is "slipping rapidly" from abdominal cancer. Two years ago he was operated on for the disease and appeared to have recovered.

In the last three months, a heart condition has developed, the physician said, but it is the cancer that is serious.

Carrillo, descendant of a pioneer family, is at home, under the care of nurses and his daughter, Antonette Carrillo.

Dr. Kosky confirmed Carrillo's birth as Aug. 6, 1880, in Los Angeles.

HARRISBURG (AP)—The state of Pennsylvania now has the power to extend the enlistments of its National Guard members for up to a year in the case of an emergency.

A measure granting such power was signed into law Thursday by Gov. Lawrence. It is aimed at supplementing new federal legislation and a directive from President Kennedy calling up reserve and guard units.

The new law went into effect immediately. Just this week, Pennsylvania's 28th Infantry Division was ordered to be ready for possible national service in face of the Berlin crisis.

The governor also signed into law enlarging the scope of the anthracite mine drainage program to permit the state to bear certain pumping costs.

Going To Sponsor Bowling Team

The Ladies' Auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 2226, will sponsor a bowling team again this year, as decided at the semi-monthly meeting held on Wednesday evening at the FOE home, W. King St. Mrs. Evelyn Stavelly, president, who presided, appointed Mrs. Janet Bless to fill the unexpired term of the office of outside guard. It is planned to sell fruit cakes for the benefit of the treasury.

Announcement was made that the FOE District meeting will be held on Sunday at 2:30 p.m. in Lancaster. Reports were heard from Mrs. Ruth Crouse, secretary; Mrs. Rita Hoke, treasurer; Mrs. Florence Sheely, trustee. It was decided to reduce the cost of Christmas gifts for secret sisters from \$5 to \$3. The "pig" was received by Mrs. Stavelly. During the social hour, refreshments were served by Mrs. Bless and Mrs. Nadine Adams, who will also serve as hostesses for the next meeting on Wednesday, September 20, 8 p.m.

SPORTSMEN TO MEET

Special entertainment is planned for the monthly meeting of the Littlestown Fish and Game Association Inc. next Wednesday, September 13, at 8 p.m. at the Fish and Game clubhouse, near town. Refreshments will be served by Stanley Keeter, Paul E. King and Fred W. King.
